the language of the American note indicated clearly a desire to have Dr. Dumba recalled without making a liplomatic issue of his case. No mention was made of the order given the Ambassador to proclaim his governments decree to Austro-Hungarians working in title country.

It is believed there is little possibility that the Austrian government will decline to comply with the request for the recall of Ambassador Dumba. It has been generally held that it rests with the government, to which an envoy is accredited to say whether he is acceptable, and that a mere suggestation that he is not satisfactory is sufficient for his recall. Cases have orficed between in American history.
